FOR IMMEDIATE RELEASE

Duane Wiechman Celebrates 50 Years of Service with Chance Rides

Wichita, Kan. — Duane Wiechman was hired at Chance Manufacturing in 1966 by Harold Chance himself to be the company's office manager. The story goes that Duane cautiously accepted the job fearing that Harold wouldn't be able to keep him busy. That concern quickly subsided and now 50 years later Duane hasn't stopped staying busy. All

of us at Chance Rides greatly appreciate Duane's service to the company and his ever pleasant demeanor. He has knowledge of this company, this industry and this world that is invaluable to us all.

As a company we honored Duane today with a token of our appreciation and a cake but we know it pales in comparison to what Duane has given to us. Duane is not planning to stop working any time soon; we just wanted to take this opportunity to honor the first employee of Chance Rides to reach 50 years of service.
