FOR IMMEDIATE RELEASE

The Brand New Hyper GT-X Rolls into The New Kentucky Kingdom in May 2014.

Wichita, Kan. — The New Kentucky Kingdom and Hurricane Bay announced at Midnight on Saturday November 17, 2013 that they will reopen the park this May with a new steel hyper coaster called the Lightning Run. Chance Rides is proud to announce that we are the manufacturer of this brand new roller coaster, the Hyper GT-X.

Lightning Run's action packed layout features a 100 ft, 80 degree first drop, nearly straight down. The coaster races through approximately 2500 ft of track across high banked turns and multiple air-time elements. The Hyper GT-X features a brand new coaster train design with state of the art rider restraints.

Lightning Run is scheduled to open at the newly renovated Kentucky Kingdom and Hurricane Bay in May of 2014. You can see the new coaster train on display at the IAAPA Expo in Orlando, FL until Friday November 22, 2013. You will also have the opportunity to see a 3-D video rendering of Lightning Run in the Chance Rides booth #5125.

Chance Rides, Inc. is a family owned business located in Wichita, Kan. For more information about Chance Rides products, visit chancerides.com
