Chance Rides Manufacturing Revitalizes Giant Wheel for Michigan's Adventure

Wichita, KS—June 14, 2005—The Giant Gondola Wheel at Michigan's Adventure in Muskegon, Michigan, received an extreme makeover. The 1989 Chance Giant Wheel refurbishment included a complete rebuild of the main wheel axle, sandblasting and re-painting of the wheel spokes with a custom paint scheme, and installation of a new ASL lighting package on the spokes. The ride was re-installed at the park this spring.

Chance ride refurbishment is a new service offered by Chance Rides Manufacturing. The 300,000-square-foot factory is located in Wichita, Kansas.
