

Chance Rides Manufacturing, a family owned and operated company located in Wichita, KS has been delivering entertainment to the amusement industry since 1961. We take pride in being a leading manufacturer of amusement rides and people movers worldwide.

For 60 years, Chance Rides has been at the heart of manufacturing excellence in the amusement industry and we are committed to continuing that standard of excellence. As we continue to develop and manufacture new and exciting product lines, we are currently seeking an experienced **MIG/Flux Core Welder**.

Position Summary:

Under the direction and supervision of the Fabrication Shop Supervisor, perform set-ups and weld fabrication of product using various types of welding (primarily hard wire and fluxcore) per specifications and in accordance with production schedule.

Essential Functions:

- Perform welding duties using wire welding GMAW (Gas Metal Arc Welding) and FCAW (Flux Core Arc Welding)
- Weld various metals as specified by procedures, layouts, blueprints, diagrams, work orders, oral instructions, and with or without the use of weld procedure specifications (WPS). Welds range from simple tacks to complex welds, performed in varying positions
- Work includes set-up, laying out work using fixtures/jigs to fabricate, modify, or repair parts
- Operate and/or use related equipment and tools which include forklifts, hoists, slings, grinders, cutting torches, hand tools, drills, punches, tape measures, etc
- Read, understand, and follow job order specifications, blueprints, work instructions and procedures
- Work with minimal supervision to complete tasks on time
- Maintain level of work performance in accordance with Company Quality Assurance standards and/or job order specifications
- Maintain a safe and clean work environment by complying with procedures, rules and regulations
- Perform or assist in other assigned duties as needed

Minimum Job Requirements:

- One year previous welding experience with hard wire and flux core
- One year previous fabrication/fit-up experience
- Ability to acquire welding certification in accordance with American Welding Society (AWS D1.1) 5F and 5G standards. In-house certification required upon hire
- Ability to work overtime as needed (during week and on Saturdays)
- Perform work in various physical positions including, standing, kneeling, sitting, squatting, bending and reaching
- Perform work off elevated surfaces and in confined spaces
- Ability to read and comprehend blueprints, tape measures and weld procedure specifications (WPS)

Physical Requirements:

- This position requires continual use of your hands, considerable use of your arms and legs and moving your whole body, such as climbing, lifting, balancing, walking, stooping and handling materials
- Must be able to stand for long periods of time
- The use of PPE such as safety glasses, face shield, welding helmet, hearing protection, leather gloves w/ forearm gauntlets, safety toed boot/shoe, dust mask and arm sleeves (as needed)
- Must be able to lift and maneuver 50 lbs. without physical restrictions
- Ability to work in a hot environment during summer months

Chance Offers:

- Competitive hourly wage (commensurate with experience and qualifications)
- Comprehensive Benefits including Medical/Dental/Vision
- 401(K) with company match
- Flexible Spending Accounts
- Perfect Attendance Awards Program
- Personal, Vacation, and Holiday Pay

Other Duties:

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.
